

5-MARKET KOREA

K-INNER BEAUTY EXPORT CONSORTIUM

PRODUCT CATALOGUE

K-Inner Beauty, Ready for the Middle East

جمال من الداخل من كوريا · جاهز للشرق الأوسط

From formulation to local distribution — 5-Market
Korea handles the entire journey.

COLLAGEN GUMMY

ODF FILM

GELÉE

VEGAN

EU CGMP

LOW MOQ

Formats not yet common in the GCC — first-mover advantage

All three are available under OEM, ODM or OBM, and all three are 100% plant-based.

01

Hydrolysed Collagen Gummy

Pectin base, gelatin-free. Inner beauty and anti-ageing.

02

Oral Dissolving Film

No water needed. Suits the regional climate and lifestyle.

03

Gelée

Not yet on GCC shelves — the first listing defines it.

BASE

Pectin · Pullulan · Agar

VEGAN

All three certified

ARTWORK

Arabic and English

INCOTERMS

FOB Korea

Hydrolysed Collagen Gummy

حلى الكولاجين النباتية

Gelatin-free by design, not by substitution. The pectin base is the original structure, so texture and shelf stability were engineered around a plant matrix rather than recovered after taking something out.

GELATIN-FREE

PLANT COLLAGEN

ANTI-AGEING

BASE	Apple and citrus pectin
ACTIVE	Hydrolysed collagen
SHAPE	Bear, heart or custom 3.0 – 5.0 g
PACKAGING	Stand pouch or PET bottle 30 / 60 / 90
MOQ	From 5,000 units

Oral Dissolving Film

شريط فموي سريع الذوبان

An active dose carried in a strip thinner than a postage stamp. No water, no packaging bulk, no swallowing action — which suits both the regional climate and consumption away from home.

NO WATER

UNDER 30 SEC

KIOSK-READY

BASE

Pullulan film

ACTIVES

Collagen · Vitamin B · C

FILM

32 × 22 mm · 60 mg

PACKAGING

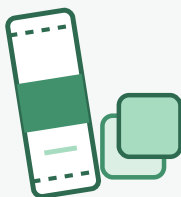

Individual sachet
30 / 60

MOQ

From 10,000 units

Gelée

جيلي نباتي بحصص فردية

Spoonable, low in sugar and portioned for a single serving. The category is not yet established in the GCC, so a first listing defines it rather than competing inside it — and the French name carries a premium position.

FIRST-MOVER

AGAR BASE

GIFTING SETS

BASE	Agar, plant-based
ACTIVES	Collagen · Fibre · Vitamin C
FORMAT	Stick or cube · 15 – 20 g
SUGAR	Standard, reduced or none
PACKAGING	Stick sachet or gift box
MOQ	From 5,000 units

INGREDIENTS

Build your own specification

Select by positioning. Every active is available across the three formats unless a national filing restricts it, and regulatory status for your market is confirmed at quotation.

BEAUTY

HYDROLYSED COLLAGEN	Plant-based option
HYALURONIC ACID	Skin hydration
BIOTIN	Hair and nail

METABOLIC

MORRO ORANGE	Subject to filing
ARTICHOKE EXTRACT	Subject to filing
DIETARY FIBRE	Digestive

DAILY

VITAMIN C	All three formats
VITAMIN B COMPLEX	Film and gummy
ZINC	Gummy and gelée

Vegan is halal-friendly

نباتي 100%

خالٍ من الجيلاتين · خالٍ من الكحول

Every formulation here is 100% plant-based, with no animal-derived ingredient and no alcohol at any stage. That removes the two inputs that most often stall a halal review, which shortens it — it does not replace it.

No gelatin

Pectin, pullulan and agar bases — never a gelatin recipe with the gelatin taken out.

No alcohol

No ethanol as a carrier, solvent or coating aid.

No animal input

Collagen is plant-derived. Ingredient origin is declared line by line.

V-LABEL

EVE VEGAN

EU CGMP

NON-GMO

MADE IN SAUDI *

* In progress. Halal certification is arranged on request for the markets and categories that require it.

Your brand, our supply chain

Three ways to work with us. What changes is how much of the formula, registration and artwork you own — the brand on the pack is yours in all three.

	OEM	ODM	OBM
FORMULA	You	Shared	Us
BRAND	You	You	You
REGISTRATION	You	Shared	Us
ARTWORK	You	Shared	Us
DISTRIBUTION	You	You	You

Arabic labelling is upstream

Arabic labelling and regulatory filing are handled before production begins, so the artwork you approve is the artwork that ships. Korean-only packaging does not clear GCC customs.

مكّمل جمال

حلوى بكتين نباتية

نباتي 100٪

خالٍ من الجيلاتين

خالٍ من الكحول

IMPORTER DETAILS
BY BUYER

One prototype is enough

Six functions held by one counterpart, so you hold one contract and one timeline instead of five.

INGREDIENT Morro orange · Collagen · Artichoke

FORMULATION Gummy · ODF · Gelée, small-batch pivots

BRANDING Your brand, or our supplier brand

CERTIFICATION V-Label · EU cGMP · Non-GMO

LOGISTICS DHL / EMS samples, full export documents

LOCALISATION English and Arabic, GCC and MENA

Certificate of Analysis per lot, Free Sale Certificate, Certificate of Origin and the Arabic ingredient declaration ship with every order.

WHAT OTHERS SAID NO TO

Start with a prototype
